

Pop Culture

Shen

<b>Final Project Outline/Proposal</b>
---------------------------------------

**Project Topic:**

**Provide a brief description of your topic:**

(Broad overview – this can be note form or paragraph. Feel free to use your notes.)

**What do you find most interesting about this topic?**

(Why should we care? What makes it significant as a form of popular culture?)

**What is your central/essential question or the angle you plan to take for your presentation?**

*(Like you do when you write a paper, you start with a big topic, move to formulating a more focused question about it, and then answer that question with your thesis.)*

**What do you plan to teach about this topic? (either in your presentation)**

(Please create a rough outline below, including mention of possible subtopics you plan to cover.)
